About the brand.

Where science and luxury meet

Sibari Republic is a luxury brand born within the pharmaceutical i+Med Group, a cooperative of scientists whose goal is to use the latest scientific advances to improve people's health through the care of the skin, the largest organ of the body.

Thanks to the expertise of the expert team of high-level researchers, the brand has developed an extensive range of cosmetic products and dermal fillers that cover a variety of needs.

Sibari Republic

Philosophy and mission.

Health through skin care

Sibari Republic's day-to-day research allows us to know each of the active ingredients to enhance their benefits and put them at the service of skin care.

The brand was born with a very clear objective: to create minimalist formulas with proven efficacy and produced in very small batches, to guarantee maximum effectiveness and quality.

Sibari Republic is guided by four values:

Cutting-edge science

The most advanced technology in the pharmaceutical field is used.

Minimalist formulas

The active ingredients are used at their maximum optimum concentration to guarantee the efficacy and quality of the products. Formulas are free from colourants and perfumes and tested on sensitive skin.

Scientifically proven efficacy

The efficacy of all products is guaranteed by instrumental and clinical tests carried out by independent laboratories.

In-house manufacture

All products are produced and packaged in their own facilities using their exclusive own production method called: Slow Manufacturing Process to ensure the highest quality and results.

Sibari Republic

Origin Collection

The technology of the Origin collection combines hyaluronic acid of the highest purity and different molecular weights combined with the rest of the active ingredients with an exclusive own production method that preserves the three-dimensional structure of the molecule and all its properties for maximum anti-wrinkle efficacy. In addition, it deeply hydrates the skin and restores its lost juiciness.

Sibari Republic

What is hyaluronic acid?

Hyaluronic acid is a substance that the body generates naturally. It can be found in the skin and joints. After the age of 25, the quality and quantity of HA that the body generates is reduced, appearing the first wrinkles and expression lines in the skin.

How does HA act in the skin?

HA has a great hygroscopic capacity, in other words, it has the ability to collect and store water molecules. When the molecules collect the water, they swell, plumping the skin and creating a wrinkle-filling effect.

HA is also capable of maintaining skin hydration and increases cell renewal, making it an excellent ally for treating and preventing the signs of aging.

The Origin collection formula

It is formulated with non-animal origin hyaluronic acid, obtained by biofermentation and highly purified that combines two different molecular weights to reach different layers of the skin and address two needs: wrinkle filling and hydration.

- The low molecular weight HA penetrates deeper into the skin to plump it from below.
- High molecular weight HA stays on the surface keeping the skin hydrated.

Sibari Republic

Serum Origin

30mL 1.01 fl.oz

Origin Serum is a hyaluronic acid concentrate formulated with two different molecular weights, which acts on the different layers of the skin to achieve the best result. The low molecular weight hyaluronic acid acts from the deepest layers of the skin filling wrinkles and expression lines from the inside. High molecular weight hyaluronic acid provides long-lasting hydration without a greasy feel.

Day after day, skin looks more revitalized, hydrated and wrinkles disappear to give way to younger, rested and radiant skin.

- Fills wrinkles and fine lines
- Deeply hydrates the skin
- Provides plumpness

Main ingredients:

High molecular weight hyaluronic acid

It is the skin's natural moisturizer and capable of capturing a thousand times its weight in water. Rehydrates the skin after cleansing and prevents the sensation of tightness.

Low molecular weight hyaluronic acid

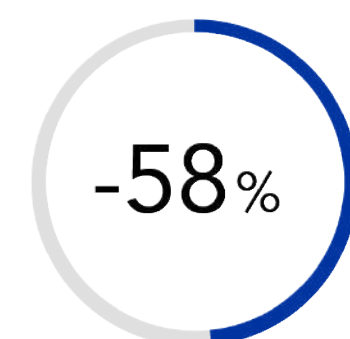

It is one of the main components of the skin. Thanks to its low weight, it penetrates deeply and fills wrinkles from the inside.

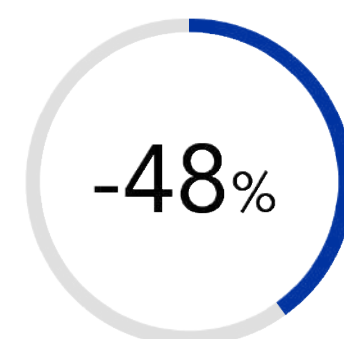

Glycerin

Natural moisturizer that captures water, softens the skin and promotes the penetration of other active ingredients.

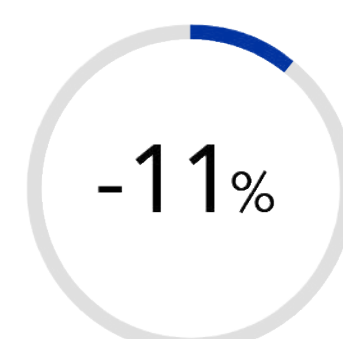

Clinically proven results in 4 weeks:

Reduction in the number of wrinkles*

Reduction in the length of wrinkles*

Reduction in deep folds*

*Clinical study conducted on 20 volunteers between 25 and 60 years of age for 4 weeks under dermatological supervision.

Long-lasting Hydration Calming Cream

30mL 1.01 fl.oz

Calming Cream is a light cream formulated with low molecular weight hyaluronic acid that plumps and hydrates the skin from the deepest layers of the skin. Its formula rich in calendula and mallow extracts reduces redness, restores the skin and protects it against premature aging caused by inflammation (inflammaging). Its exclusive combination of jojoba and avocado oils provides all the vitamins and minerals the skin needs. The skin appears smoother, more even and luminous as the days go by.

- Deeply moisturizes for 24 hours
- Soothes and reduces redness
- Fills wrinkles and expression lines

Main ingredients:

Low molecular weight hyaluronic acid

It is one of the main components of the skin. Thanks to its low weight, it penetrates deeply and fills wrinkles from the inside.

Calendula and mallow extracts

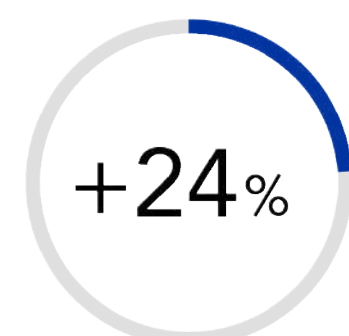

Widely known for their soothing, anti-inflammatory and healing properties. Reduces redness, soothes the skin and restores its comfort.

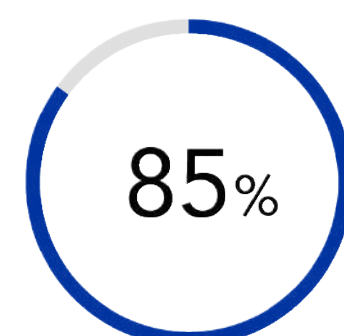

Jojoba and avocado oil

Rich in vitamins and minerals, they nourish and soften the skin. They enhance the skin's natural protective function by reducing dehydration and improving elasticity.

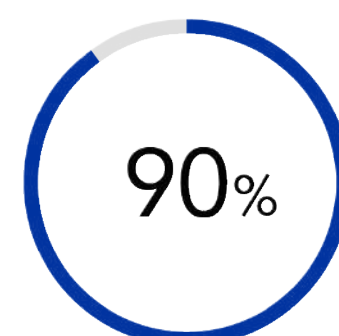

Clinically proven results in 4 weeks:

More hydrated skin after 24h*

More relieved skin**

Smoother and softer skin**

*Clinical study conducted on 20 volunteers between 25 and 60 years of age for 4 weeks under dermatological supervision
** Self-assessment conducted with 20 women, multi-technique panel on a structured scale.

Anti-fatigue Eye Contour

10mL 0.34 fl.oz

Anti-fatigue Eye Contour is an eye contour gel specially formulated to treat the delicate eye contour area. Formulated with low molecular weight hyaluronic acid, it plumps wrinkles and crow's feet and hydrates from the deepest layers of the skin. Its exclusive complex of caffeine and antioxidant actives relieves congestion and improves microcirculation, visibly reducing puffiness and dark circles.

A more youthful and rested look day after day.

- Reduces dark circles and puffiness
- Moisturizes and softens
- Fills wrinkles and crow's feet

Main ingredients:

Caffeine

Promotes microcirculation, improving drainage in the eye contour area and reducing puffiness and dark circles.

Pomegranate and grape extracts

Rich in antioxidants create a protective shield slowing down premature aging caused by external agents such as pollution and UV radiation.

Low molecular weight hyaluronic acid

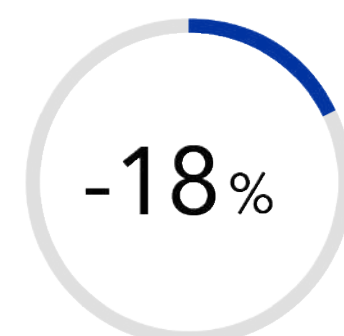

It is one of the main components of the skin. Thanks to its low weight, it penetrates deeply and fills wrinkles from the inside.

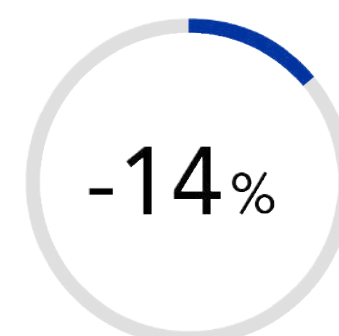

Cucumber extract

Promotes skin hydration and provides a refreshing and revitalizing effect.

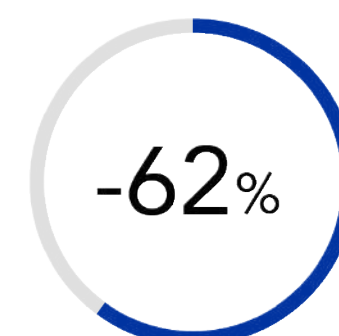

Clinically proven results in 4 weeks:

Reduction of dark circles*

Reduction of puffiness*

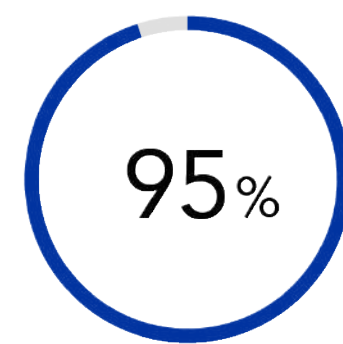

Reduction of wrinkles and expression lines**

*Clinical study conducted on 20 volunteers between 25 and 60 years of age for 4 weeks under dermatological supervision
** Self-assessment conducted with 20 women, multi-technique panel on a structured scale.

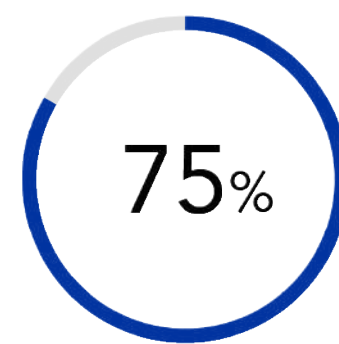

Sibari Republic

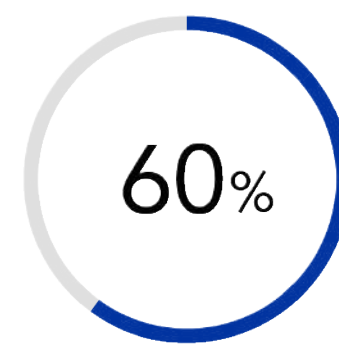

Clinically proven results in 4 weeks:

More toned skin*

More luminous skin*

Minimizes pores*

* Self-assessment conducted with 20 women, multi-technique panel on a structured scale.

Radiance Toner

150mL 5.07 fl.oz

Exfoliating toner formulated for sensitive skin. Its formula with glycolic acid promotes cell renewal processes by gently removing the most superficial layers of the skin, restoring its natural radiance, eliminating blemishes and superficial expression lines.

In addition, its formula with salicylic acid acts on the oily areas of the face cleaning and unclogging pores for a skin free of imperfections.

Day by day, skin recovers its natural radiance, tone is evened out and wrinkles fade.

- Promotes cell renewal
- Cleanses and refines pores
- Returns luminosity to the skin

Main ingredients:

Glycolic acid

Promotes cell renewal and performs a gentle exfoliation, unifying the tone.

Salicylic acid

Acts on the most oily areas to clean and unclog pore.

Witch hazel extracts

Widely known for its anti-inflammatory, bactericidal and healing properties, it helps eliminate marks caused by imperfections such as blackheads and pimples. It also has soothing properties and helps reduce redness.

High molecular weight hyaluronic acid

It is the skin's natural moisturizer and capable of capturing a thousand times its weight in water. Rehydrates the skin after cleansing and prevents the sensation of tightness.

Anti-pollution Cleansing Gel

150mL 5.07 fl.oz

Gentle cleansing gel specially designed to gently but effectively clean away dirt and pollution residues that cause premature skin aging. Formulated with mild coconut-derived cleansers and moisturizing and emollient actives such as high molecular weight hyaluronic acid and calendula extract that restore the skin's natural protective barrier and hydrate the skin. Its unique combination of antioxidant extracts of pomegranate and grape protect the skin against pollution.

Skin is cleansed, hydrated and protected for longer.

- Gently cleanses
- Moisturizes
- Protects the skin against external aggressions

Main ingredients:

Coconut-derived cleansers

Mild cleansers that allow deep cleansing without drying or damaging the skin's natural protective barrier.

High molecular weight hyaluronic acid

It is the skin's natural moisturizer and capable of capturing a thousand times its weight in water. Rehydrates the skin after cleansing and prevents the sensation of tightness.

Calendula extract

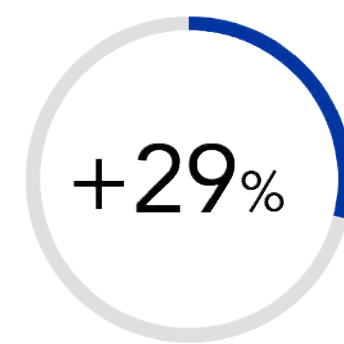

Widely used in baby skin care products for its soothing, anti-inflammatory and healing properties. Reduces redness, soothes the skin and restores its comfort.

Grapefruit extract

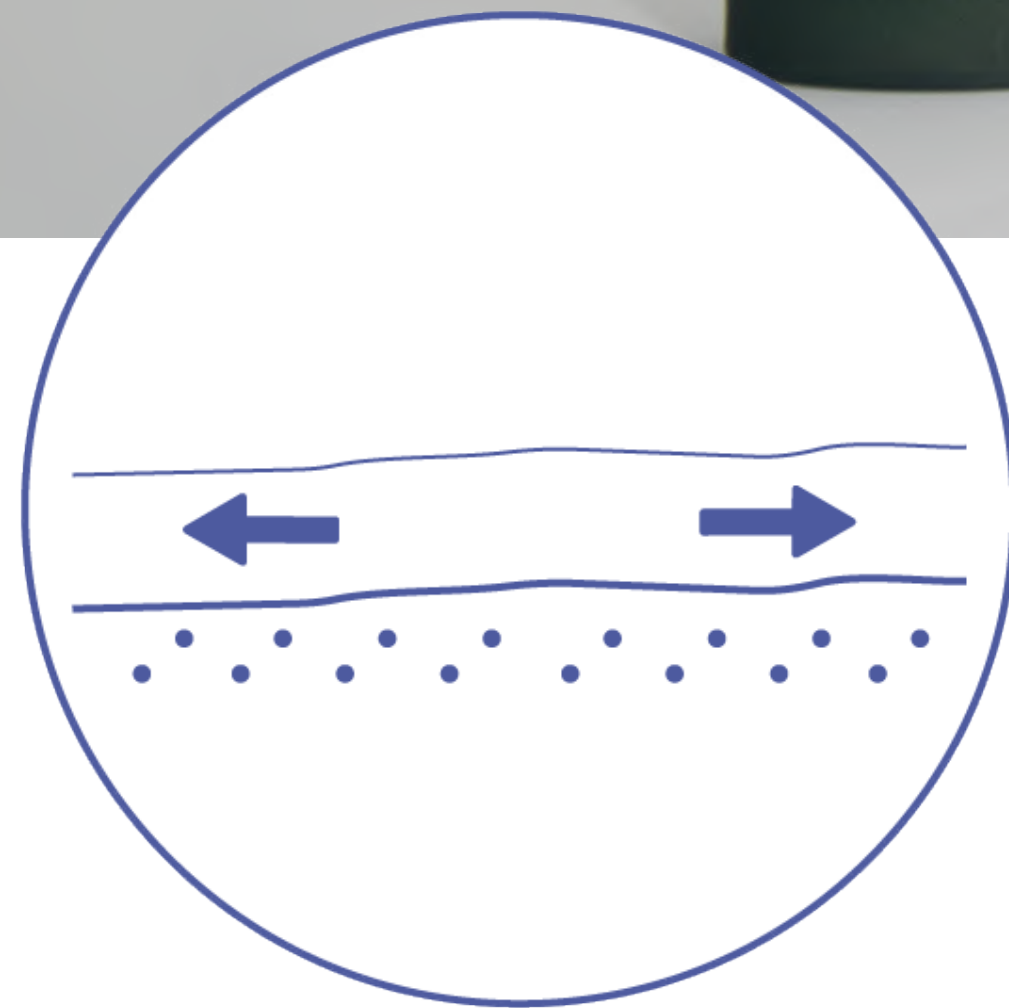

Rich in antioxidants, it creates a protective shield slowing down premature aging caused by external agents and restores the damage caused during the day.

Clinically proven results in 4 weeks:

Protection against ROS produced by urban dust*

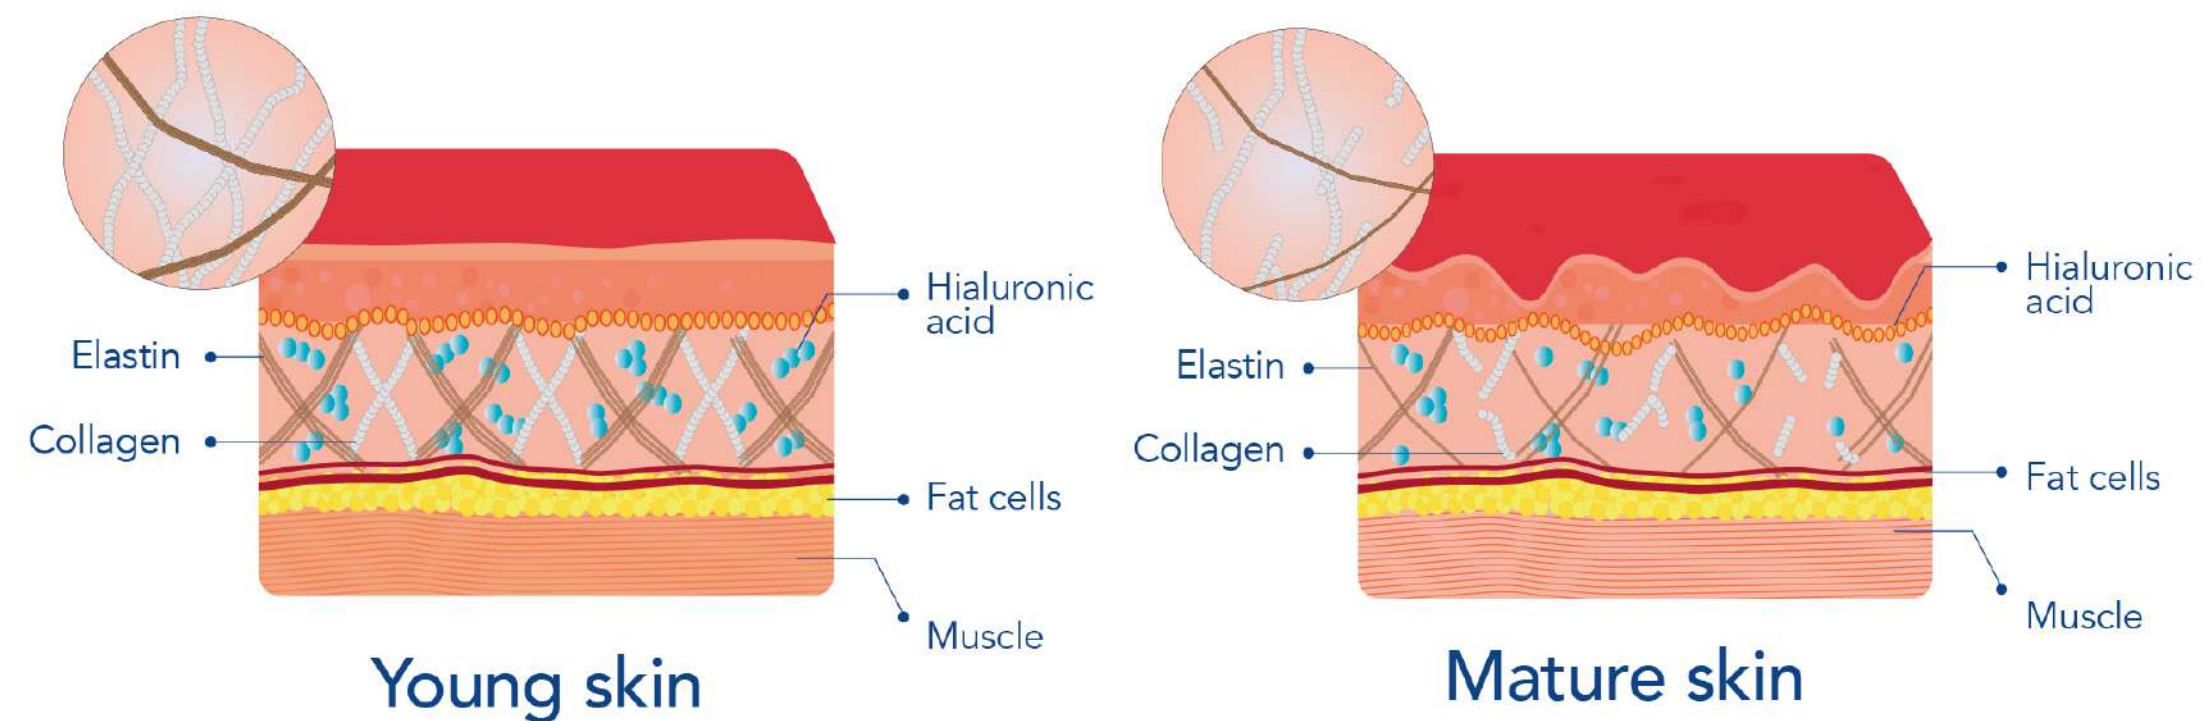

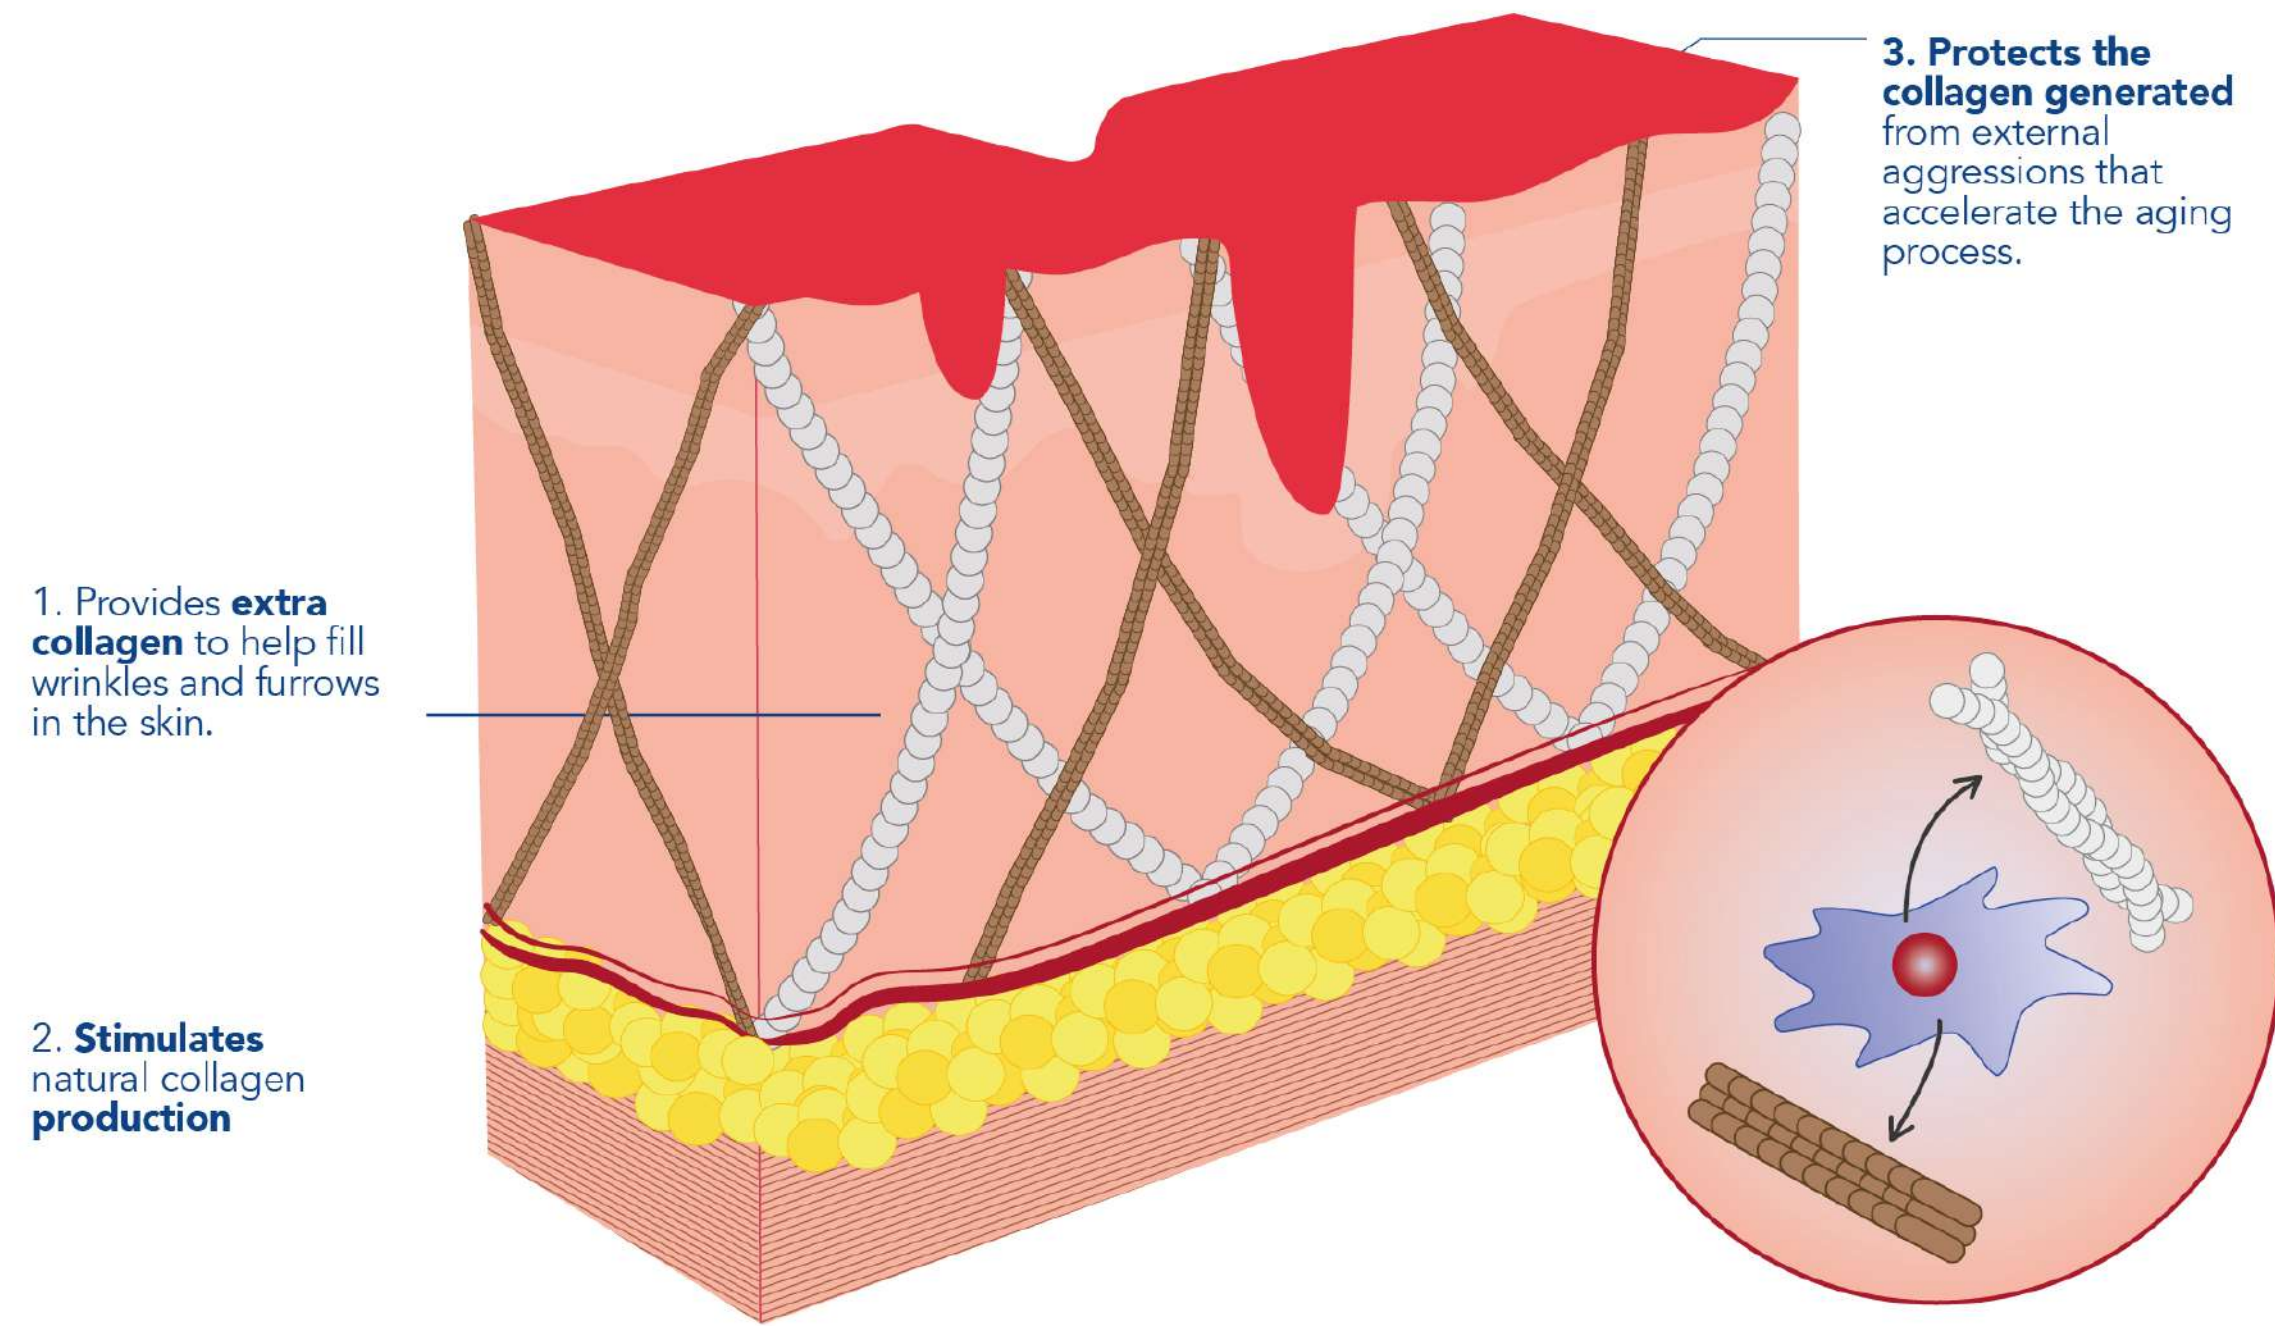

Sibari Republic

Collagen Collection

The Collagen Collection technology combines natural hydrolyzed collagen with different active ingredients to fight against loss of firmness in three different ways. On the one hand, it provides the collagen the skin needs to maintain its firmness and elasticity. Secondly, it stimulates natural collagen synthesis and, finally, it protects existing collagen to delay aging.

Sibari Republic

What is collagen?

Collagen is a protein that is present in various parts of the body such as skin, bones, tendons and cartilage. As we age, our body produces less collagen and of poorer quality, which can cause wrinkles and sagging of the skin.

How does collagen act in the skin?

Collagen is synthesized by cells called fibroblasts found in the epidermis. During protein synthesis, fibroblasts produce collagen which is organized in a dermal matrix and makes our skin elastic and resistant.

The Collagen Collagen formula

The Collagen Line technology combines natural collagen that has most similar aminogram to the skin and several studies have shown it to be the most effective. In addition, it is hydrolyzed to ensure maximum penetration and efficacy. The Collagen line combines it with different active ingredients to address the loss of firmness from all points:

1. It provides the extra collagen our skin needs to help keep it firm and elastic.
2. It stimulates our body's natural collagen production to help the skin generate more and better collagen.
3. Protects existing collagen from external aggressions to delay the aging process.

Instant Lifting Collagen Mask

5 masks/ 5 complexes/ 1 gua sha

Intensive firming care for a lifting, moisturizing and illuminating effect in just 5 minutes. This mask sheet is produced with 100% natural collagen that when is impregnated with the firming complex achieves a more hydrated, luminous and full of life skin from the first application.

The treatment can be used in two ways depending on the desired result: it can be used for 5 days prior to an event for an immediate flash effect, but it can also be used weekly, for 5 consecutive weeks, to intensify the daily routine.

- Firms and restores lost elasticity.
- Improves hydration.
- Provides luminosity to the skin.

Main ingredients:

Hydrolized natural collagen

Natural source of collagen. Its low molecular weight improves absorption for maximum effect. Increases skin hydration, suppleness, elasticity and firmness.

Chicory extract

It has a soothing effect that also works as an anti-inflammatory and antibacterial. It also works as an immediate firming agent.

Buriti extract

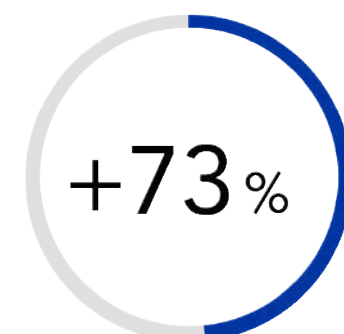

It modulates the same receptors as retinol but without its adverse effects. It promotes natural collagen synthesis and improves skin radiance.

High molecular weight hyaluronic acid

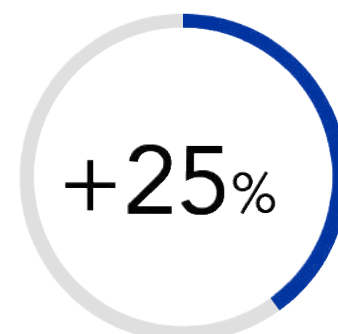

It is the skin's natural moisturizer and capable of capturing a thousand times its weight in water. It deeply hydrates and keeps the skin juicy.

Clinically proven results in 5 days:

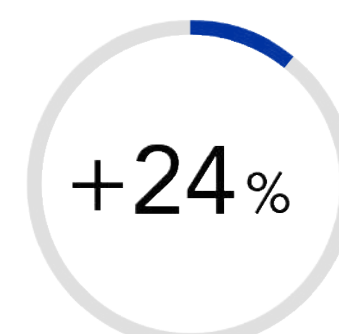

+73%

Increased hydration*

+25%

Increased elasticity*

+24%

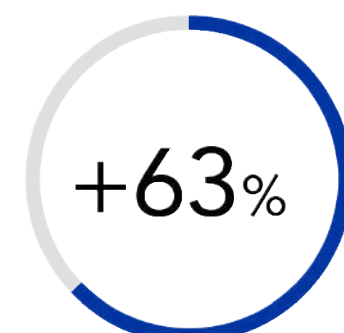

Increased radiance*

*Clinical study conducted on 20 volunteers between 35-50 years of age for 5 minutes under dermatological supervision

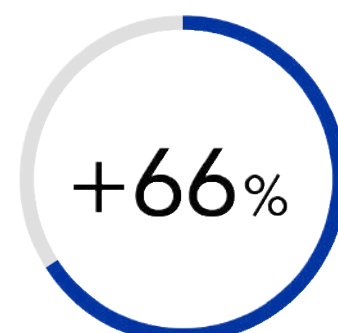

Sibari Republic

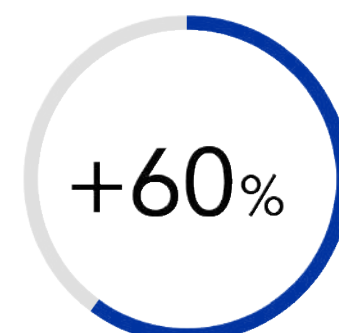

Clinically proven results in 4 weeks:

Firmer skin*

More elastic skin*

Full of life skin*

*Clinical study conducted on 20 volunteers between 35-50 years of age for 4 weeks under dermatological supervision

Serum Collagen

30mL 1.01 fl.oz

Concentrated serum with hydrolyzed natural collagen that restores lost firmness and elasticity to the skin. Formulated with natural hydrolyzed collagen and hyaluronic acid, provides the extra collagen the skin needs by hydrating and firming it from the inside. Its formula rich in bakuchiol, better known as vegan retinol, promotes the natural synthesis of collagen, giving the skin firmness and elasticity. In addition, its shiitake extract content protects against premature aging.

Day after day, the skin looks firmer, more elastic and younger.

- Firms and restores lost elasticity.
- Promotes the synthesis of natural collagen.
- Moisturizes and provides radiance.

Main ingredients:

Hydrolyzed natural collagen

Natural source of collagen. Its low molecular weight improves absorption for maximum effect. Increases skin hydration, suppleness, elasticity and firmness.

Bakuchiol

It modulates retinol receptors. Promotes cell renewal improving firmness, reducing wrinkles and providing luminosity to the skin. Thanks to its antioxidant properties, it protects the skin against free radicals.

Shiitake extract

Known as the "elixir of life" and widely used in traditional Chinese medicine for its many properties. It promotes the natural synthesis of collagen and improves its quality, providing firmness and elasticity to the skin.

High molecular weight hyaluronic acid

It is the skin's natural moisturizer and capable of capturing a thousand times its weight in water. Rehydrates the skin after cleansing and prevents the sensation of tightness.

Total Lifting Eye Contour

15mL 0.5 fl.oz

Total Lifting Eye Contour is a concentrated cream specifically formulated for the delicate eye contour area. It protects the skin against the degradation processes of collagen fibers, maintaining a visibly firmer and younger look for longer. In addition, its exclusive combination of botanical active ingredients provides an immediate tightening effect and promotes natural collagen synthesis to redefine and improve the eye contour.

The result: an awakened look full of vitality.

- Instantly enhances the eyes
- Firms and gives elasticity to the eye contours
- Moisturizes and brightens

Main ingredients:

Hydrolized natural collagen

Natural source of collagen. Its low molecular weight improves absorption for maximum effect. Increases skin hydration, suppleness, elasticity and firmness.

Kigelia africana extract

Its composition rich in natural peptides provides immediate tightening and firming benefits. On the other hand, it reinforces collagen and elastin fibers, preventing the appearance of wrinkles and loss of firmness.

Borage oil

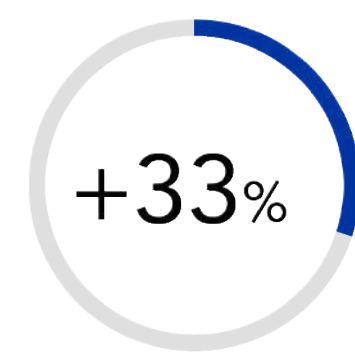

Thanks to its composition rich in vitamins C and E, known for their antioxidant properties, it protects the skin against external aggressions, one of the most important causes of premature skin aging.

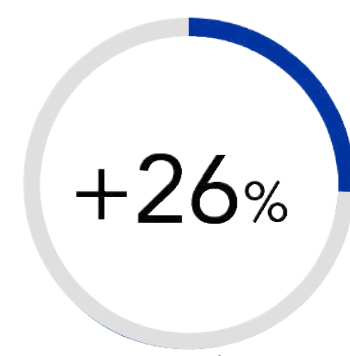

Jojoba oil

Thanks to its composition rich in vitamins C and E, known for their antioxidant properties, it protects the skin against external aggressions, one of the most important causes of premature skin aging.

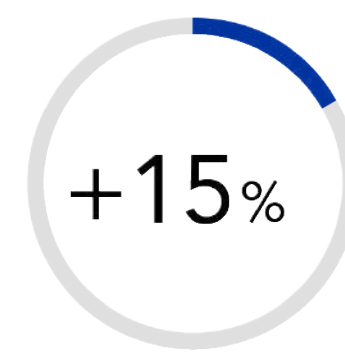

Clinically proven results in 4 weeks:

Instantly firmer skin*

More rested look*

Firmer skin**

*Clinical study conducted on 20 volunteers between 25 and 60 years of age for 4 weeks under dermatological supervision
** Self-assessment conducted with 20 women, multi-technique panel on a structured scale.

Sibari Republic

Instant Lifting Day Cream

30mL 1.01 fl.oz

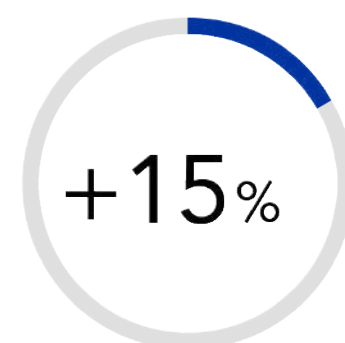

Instant Lifting Day Cream is a day cream with a velvety texture that provides an instant firming effect. Its high concentration of antioxidant active ingredients, such as tara extract and grape oil, protect the skin against collagen degradation processes, keeping skin visibly firmer and younger looking for longer. In addition, its unique combination of plant oils and low molecular weight hyaluronic acid help restore the skin's natural moisture and renew its elasticity and suppleness without leaving a greasy feel.

The result: firmer, smoother and hydrated skin for longer..

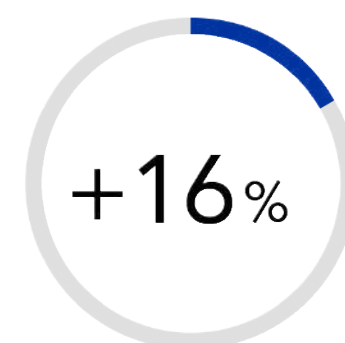

- Provides an instant firming effect
- Firms and gives elasticity to the skin
- Moisturizes and provides radiance

Main ingredients:

Clinically proven results:

Instantly firmer skin*

More rested look*

Hydrolyzed natural collagen

Natural source of collagen. Its low molecular weight improves absorption for maximum effect. Increases skin hydration, suppleness, elasticity and firmness.

Kigelia africana extract

Its composition rich in natural peptides provides immediate tightening and firming benefits. On the other hand, it reinforces collagen and elastin fibers, preventing the appearance of wrinkles and loss of firmness.

Jojoba and grape seed oils

Rich in vitamins and minerals, they nourish and soften the skin without leaving a greasy feeling. They enhance the skin's natural protective function by reducing dehydration and keeping it more elastic and improving its texture.

Tara extract

Rich in bio-active compounds, such as flavonoids, polyphenols and tannins, they protect collagen fibers from premature degradation processes, preventing loss of firmness and elasticity.

*Clinical study conducted on 20 volunteers between 25 and 60 years of age for 4 weeks under dermatological supervision

Sibari Republic

Night Recovery Firming Cream

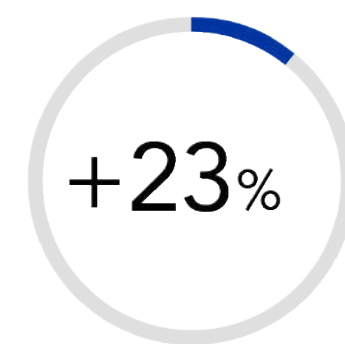

30mL 1.01 fl.oz

Cellular regeneration is 30 times higher while you sleep than during the day to repair damage caused by external agents. Night Recovery works by improving skin's natural repairing cycle by restoring damage caused during the day and promoting natural collagen production for a renewed skin night after night. Its combination of botanical oils and low molecular weight hyaluronic acid restore skin's elasticity and suppleness for a luminous, vibrant appearance.

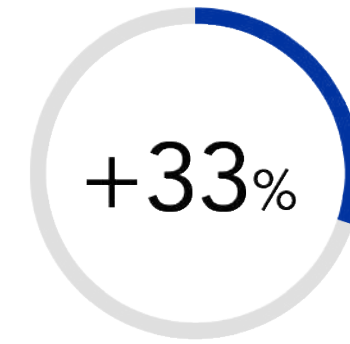

Every night, the facial oval is redefined, wrinkles fade and the skin regains its lost luminosity.

- Promotes natural skin repair
- Firms and gives elasticity to the skin
- Moisturizes and provides radiance

Clinically proven results in 4 weeks:

More renewed skin*

Reduction of wrinkles*

Main ingredients:

Hydrolyzed natural collagen

Natural source of collagen. Its low molecular weight improves absorption for maximum effect. Increases skin hydration, suppleness, elasticity and firmness.

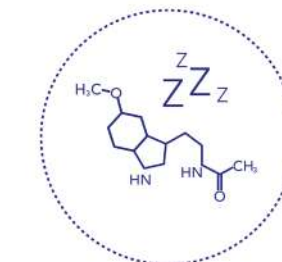

Bakuchiol

It modulates retinol receptors. Promotes cell renewal improving firmness, reducing wrinkles and providing luminosity to the skin. Thanks to its antioxidant properties, it protects the skin against free radicals.

Shitake extract

Known as the "elixir of life" and widely used in traditional Chinese medicine for its many properties. It promotes the natural synthesis of collagen and improves its quality, providing firmness and elasticity to the skin.

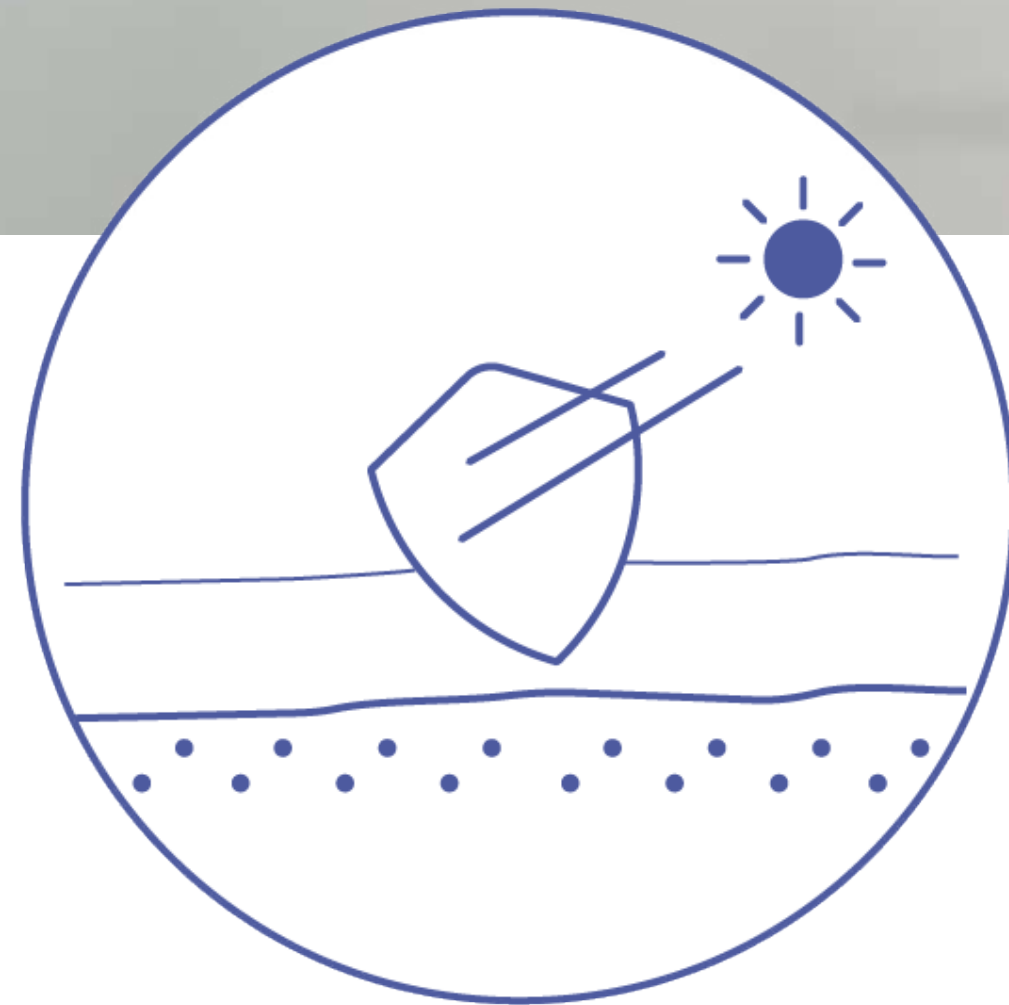

Melatonin

It boosts the skin's natural repairing action by promoting the production of antioxidant enzymes that help fight free radicals produced by external aggressions to which we are exposed such as UV radiation or pollution.

*Clinical study conducted on 20 volunteers between 25 and 60 years of age for 4 weeks under dermatological supervision

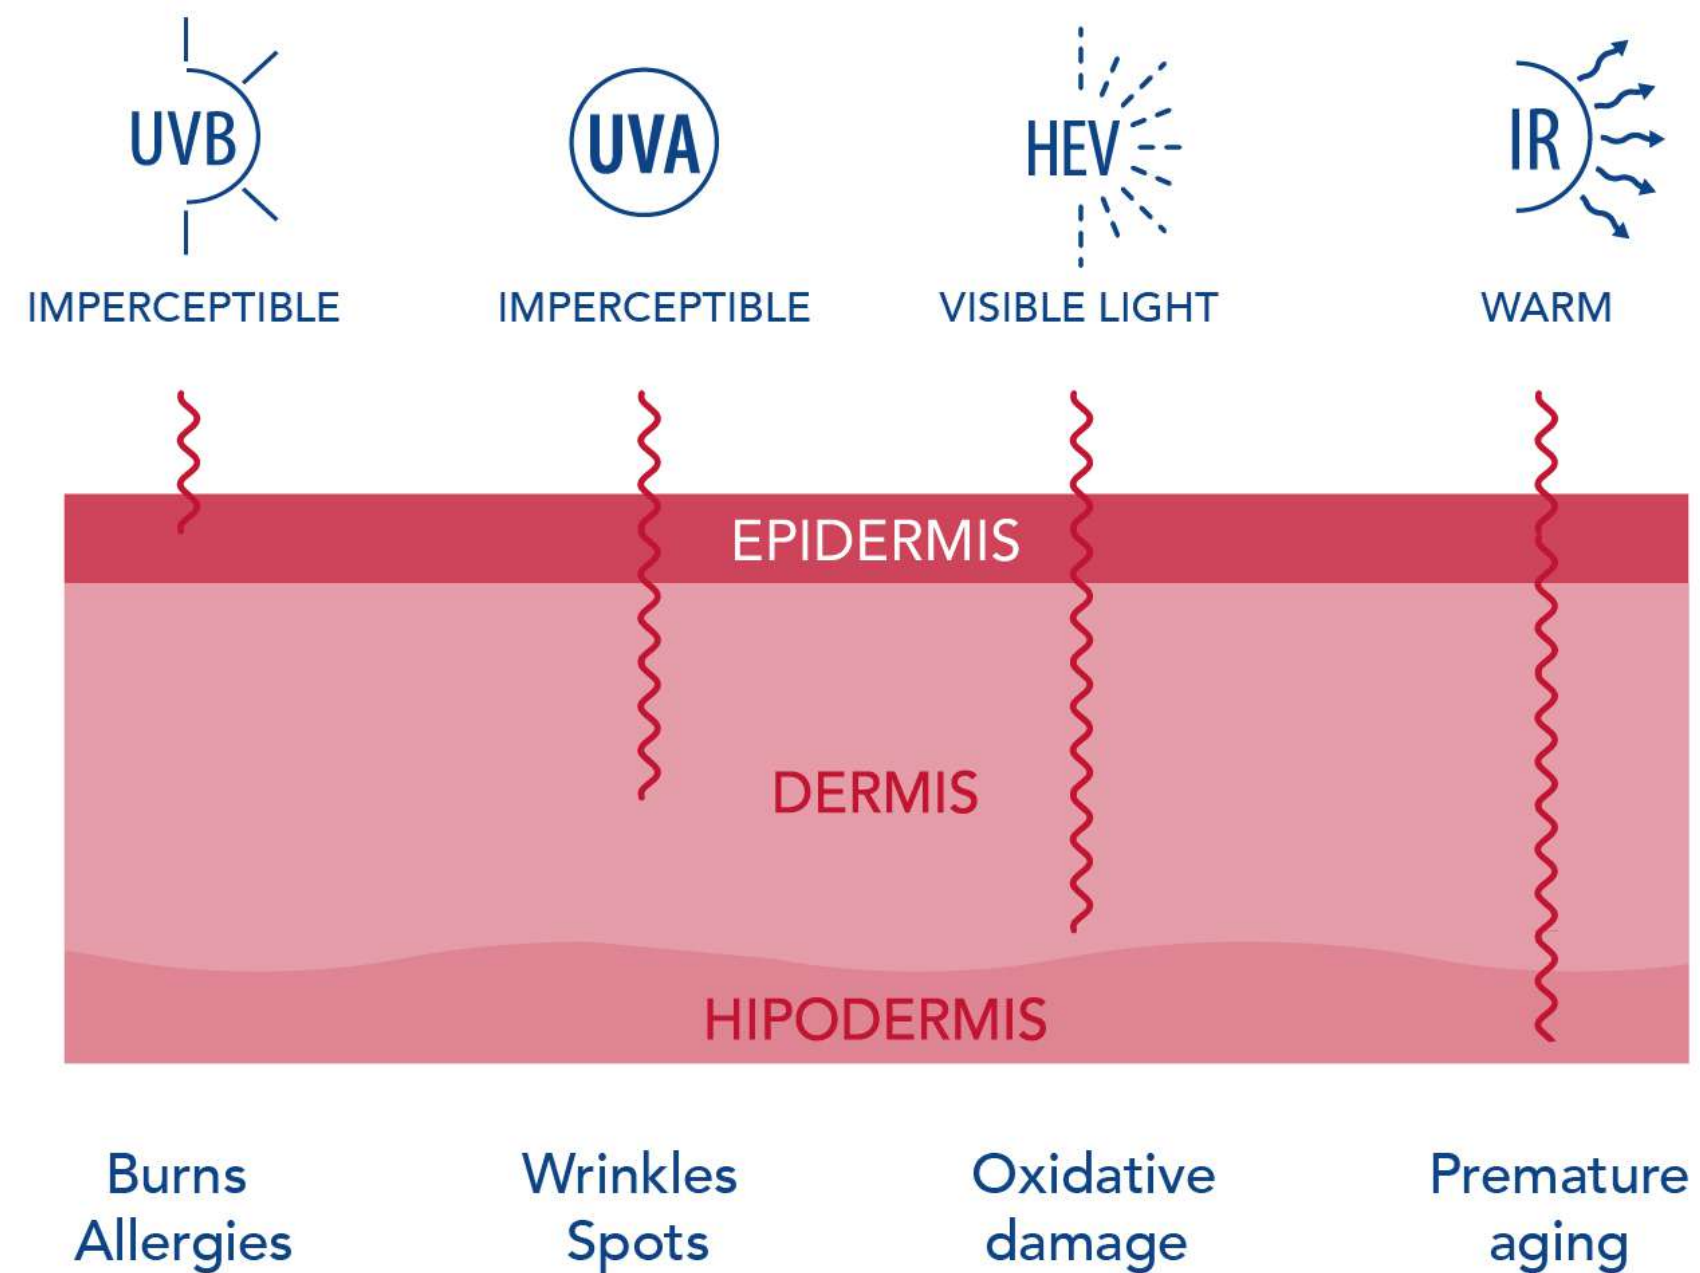

Sibari Republic

Sun Care Collection

The technology of the Sun Care Collection combines the latest generation of sun filters with the most powerful antioxidant and restorative active ingredients for the most advanced sun care.

There are 4 types of solar radiation

Is it necessary to use sunscreen everyday?

The sun has multiple benefits such as: favoring the synthesis of vitamin D and improving mood. However, it has some negative aspects for the health of our skin.

The sun is a source of energy that reaches our planet in the form of electromagnetic radiation. Some are perceptible, such as visible light, but others are not, such as UV or infrared radiation. The skin has multiple defense mechanisms for protection against solar radiation but it cannot filter 100% of the radiation, which is why it is necessary to protect ourselves by using sunscreens all year round.

Sibari Republic

Day Defense SPF50+

50mL 1.69 fl.oz

This ultra-advanced invisible shield provides very high photoprotection against a broad spectrum of solar radiation including UV, blue light and infrared radiation. It protects against external aggressions responsible for premature skin aging and corrects wrinkles and loss of firmness thanks to its exclusive combination of anti-aging active ingredients.

The result: your skin is protected and looks younger and radiant for longer.

- Protects against 4 types of sun radiation
- Reduces wrinkles and improves firmness
- Moisturizes and soothes

Main ingredients:

Clinically proven results:

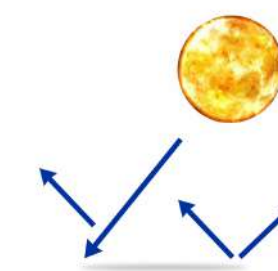

SPF50+ Broad spectrum sun protection

Tested on sensitive skin

Water resistant

Combination of chemical filters

A unique combination that protects against a wide range of solar radiation: UVA, UVB, IR and visible light.

Aloe vera

It is known to be one of the most used moisturizing and soothing active ingredients. This active ingredient reduces itching and redness of the skin and is ideal to stop the consequences of solar radiation.

Carnosine

It is a dipeptide with high antioxidant and anti-aging power. It protects the skin's collagen and promotes its synthesis, thus improving the firmness and elasticity of the face. It also reduces wrinkles and expression lines.

Sibari Republic

Cellular Rescue

50mL 1.69 fl.oz

Cellular Rescue is a refreshing lotion that restores major skin damage caused by the sun such as sunburn, spots and wrinkles. Its formula, rich in soothing and moisturizing active ingredients, instantly reduces skin temperature, reducing redness and itching caused by prolonged exposure to the sun or any other type of external aggression. It promotes the repairing processes of the cutaneous microbiota by reinforcing the skin's natural defenses against the sun.

The result: more hydrated, and soothed skin instantly. Day by day, improves skin tone and reduces the wrinkles for a visibly healthier skin.

- Reduces redness, soothes and moisturizes instantly.
- Corrects spots and wrinkles
- Reinforces the skin's natural defenses against the sun.

Main ingredients:

Physalis Angulata Extract

Acts as a "corticoid-like", reducing redness, itching and inflammation of the skin. Repairs the barrier function

Phyto-fused cotton and pomegranate stem cell

Stimulates the skin microbiota to release natural photo-defense molecules (post-solar biotics) and repair skin damage caused by solar radiation.

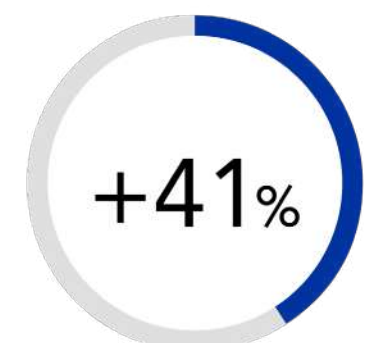

Encapsulated beta-carotene

Its high antioxidant power corrects the signs of aging created by photoaging such as spots, wrinkles or loss of firmness. Its exclusive bicosome encapsulation technology protects the active ingredient and allows it to penetrate up to eight times deeper into the skin, increasing its effectiveness.

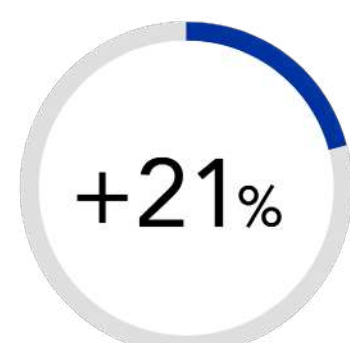

Dragon Fruit Extract

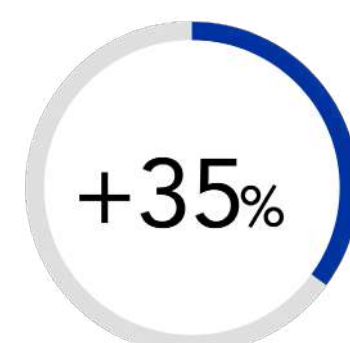

Dragon Fruit, also known as Pitaya, is rich in beta-cyanins and mucilages that provide antioxidant, moisturizing and refreshing properties. It repairs damage caused by photoaging and deeply hydrates the skin.

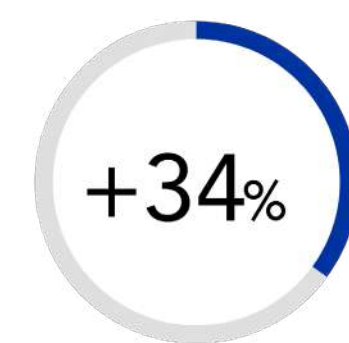

More hydrated skin

Improved barrier function**

Firmer skin***

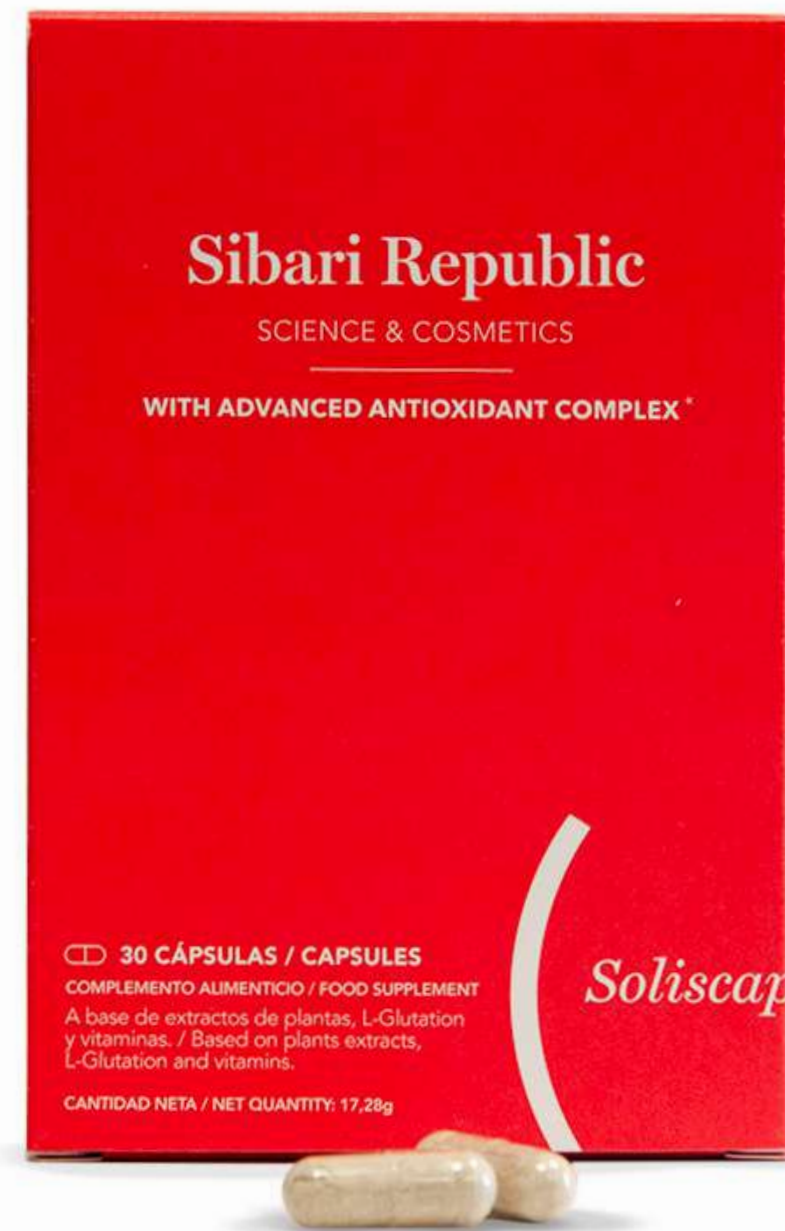

Increase in collagen type for I to IV***

*Clinical study conducted on 20 volunteers between 25 and 60 years of age with photo-aged skin for 30 minutes under dermatological supervision.

**Clinical study conducted on 20 volunteers aged 25 to 60 years and photo-aged skin for 28 days under dermatological supervision.

***Clinical study conducted on 20 volunteers aged 25 to 60 years and photo-aged skin for 56 days under dermatological supervision.

Sibari Republic

Soliscaps

30 capsules

Food supplement, with a rich composition based on natural ingredients such as plant extracts, vitamins and L-Glutation.

- Protects cells against oxidative damage: Vitamin C and E provide a powerful antioxidant effect enhancing the natural protection of cells against sun damage.
- Contributes to the proper functioning of the skin: vitamins C and D contribute to the proper functioning of the immune system.

Main ingredients:

Vitamina C and E

At 37.5% and 100% of the recommended daily dose respectively. They contribute to the protection of cells against oxidative damage.

Reishi Extract:

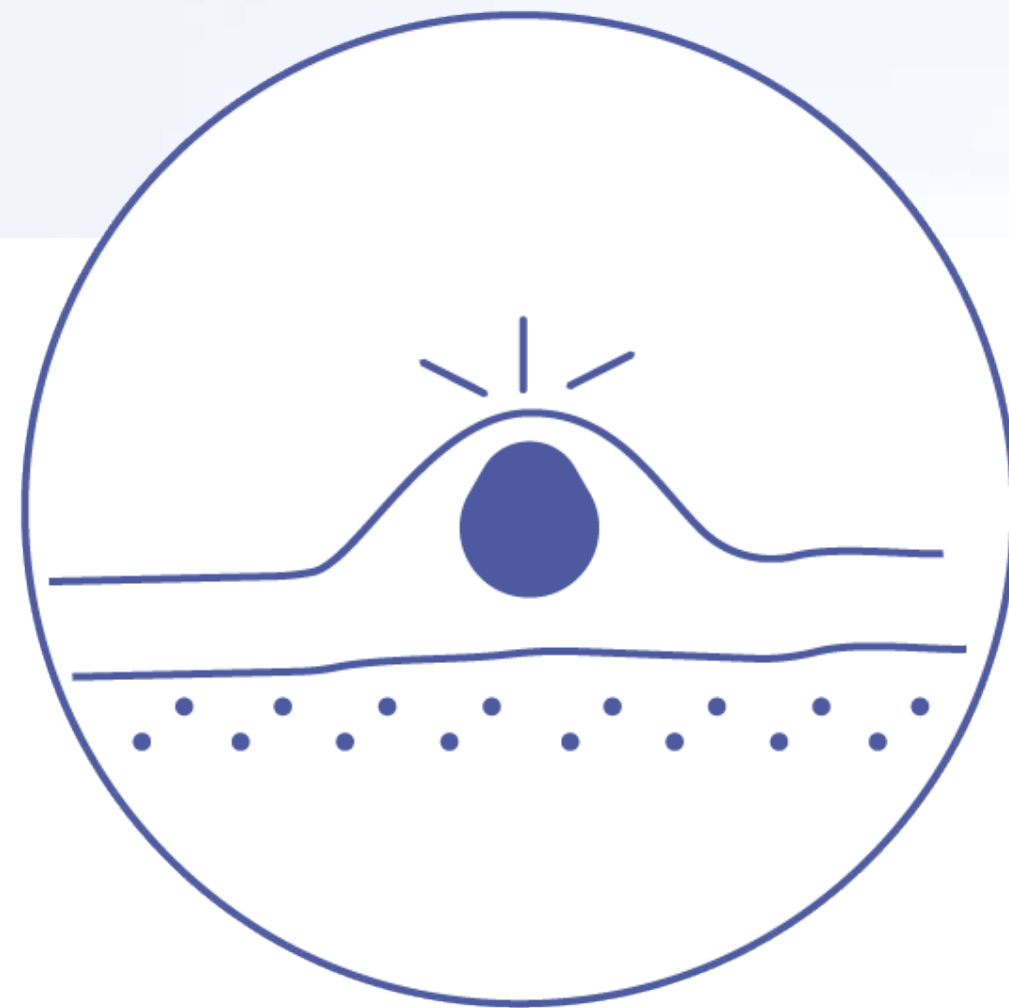

Contains the 9 essential amino acids and of vitamins among which those of the B group stand out, essential to maintain the healthy state of the skin.

Vitamina D

100% of the recommended daily dose. Contributes to the normal functioning of the immune system.

Sibari Republic

Anti-imperfections Collection

The technology of the Anti-imperfections collection is specifically designed with non-comedogenic formulas to take care of the cutaneous microbiota, your skin's first defense barrier. It acts on three different levels for hydrated, blemish-free and luminous skin.

Sibari Republic

All in one Cleansing Foam

150mL 5.07 fl.oz

Cleansing foam cleanser formulated with mild cleansers derived from coconut and sugar, gently cleanses and removes make-up without drying even waterproof make-up. Its gentle, ophthalmologically tested formula is ideal for removing eye make-up without damaging the eyes. Enriched with niacinamide and yacon extract, it controls sebum secretion and rebalances the skin microbiota for blemish-free skin.

- Cleanses and removes even waterproof makeup.
- Purifies the face.
- Rehydrates the skin.
- Balances the microbiome.

Main ingredients:

Mild cleansers derived from coconut and sugar

Mild cleansers that allow for deep cleansing without drying or damaging the skin's natural protective barrier.

Yacon extract

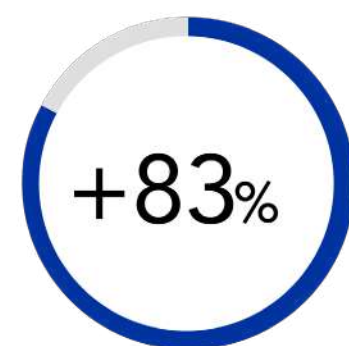

Restores the pH after cleansing, restoring comfort to the skin. In addition, it rebalances the skin's microbiota preserving its beneficial microflora responsible for one of the skin's natural defense mechanisms reducing blemishes or pimples and skin sensitivity.

Niacinamide

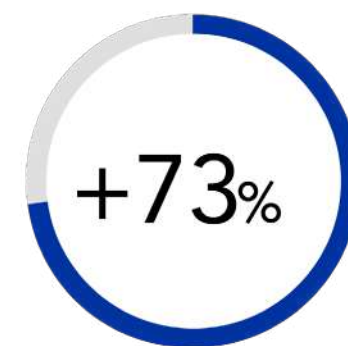

Regulates sebum secretion keeping pores clean and reducing pimples, and blackheads and maintaining a luminous but shine-free skin.

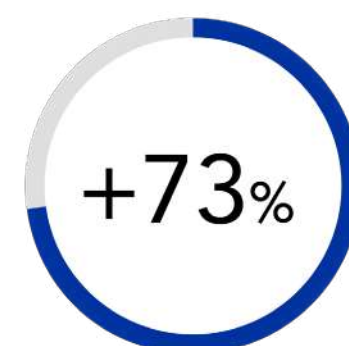

Clinically proven results:

Softer skin**

More comfortable skin**

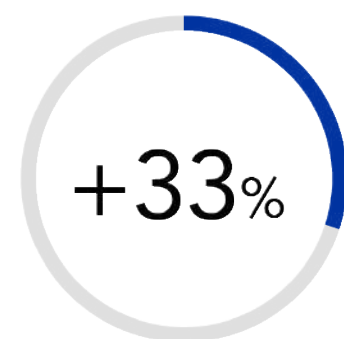

Waterproof make-up removal*

*Clinical study conducted on 22 volunteers between 18-25 years of age for 4 weeks under dermatological supervision

** Self-assessment conducted with 22 women, multi-technique panel on a structured scale.

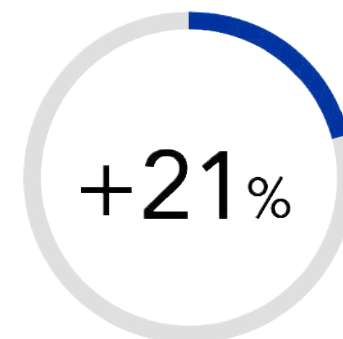

Resultados probados:

-13%

Less spots*

*Clinical study conducted on 22 volunteers between 18-25 years of age for 4 weeks under dermatological supervision

What a Cream! Moisturizing Jelly Cream

50mL 1.69 fl.oz

Fast absorbing moisturizing cream formulated with lotus flower extract that controls sebum secretion correcting and preventing the appearance of pimples and blackheads. Enriched with opuntia cactus extract, it increases the skin's ability to store water, improving hydration and rebalancing the skin's microbiota. Lucuma and buriti extracts even out skin tone by eliminating blemishes caused by sun exposure or acne and bring luminosity to the face giving a glowing and healthy effect to the skin. No greasy.

- Non-comedogenic
- Moisturizes the skin 24h
- Calms and reduces redness
- Reduces imperfections

Main ingredients:

Lotus flower

Controls sebum secretion reducing the appearance of imperfections, pimples and blackheads. Keeps the skin luminous but free of shine.

Lucuma Extract

Lucuma is a fruit from Peru known as a "superfood" for its high content of antioxidants, vitamins and phytonutrients that provides multiple benefits to the skin. It evens the tone, reducing marks and blemishes. Provides luminosity and vitality to the skin.

Cactus extract

Is rich in mucilage which provides moisturizing properties by supporting the skin's natural ability to store water. It also acts by rebalancing the skin's microbiota, reinforcing the protective function and soothing the skin.

Buriti extract

Protects from external aggressions and reduces expression lines. In addition, it promotes natural collagen synthesis and evens the tone.

Sibari Republic

Dermal fillers

The line of hyaluronic acid-based dermal fillers is specially designed to smooth wrinkles, plump lips, restore skin volume and redefine facial contours. The hydrogels are manufactured with hyaluronic acid of non-animal origin, obtained by biofermentation and highly purified.

Each concentration of the dermal fillers line has been developed with a precise treatment target in mind, to ensure the most natural result.

Sibari Republic

Sare TECHNOLOGY®

A novel method of hyaluronic acid (HA) crosslinking that enables unique results due to its highly homogeneous crosslinking process.^{[1][2]}

Proprietary combination of low and high molecular weight hyaluronic acid, resulting in a polymeric matrix with a low level of modification.^[3]

Single-phase

Highly homogeneous crosslinking process

Slow degradation

Hyaluronic Acid degradation occurs gradually

Elasticity and strength

Recovers shape after being stretched or compressed

Viscoelastic

High viscosity and high elastic modulus at G' and G''

Sare technology®

Proprietary technology for greater efficiency, projection and durability of crosslinking

High biocompatibility

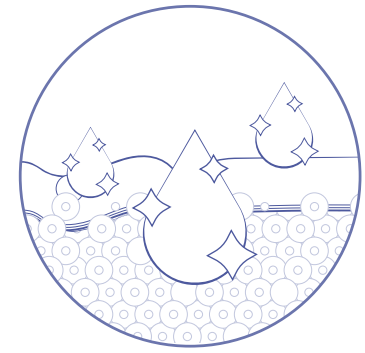

High compatibility with biological systems and very low endotoxin level <0.2 EU/mL

Sibari Republic

1.4%

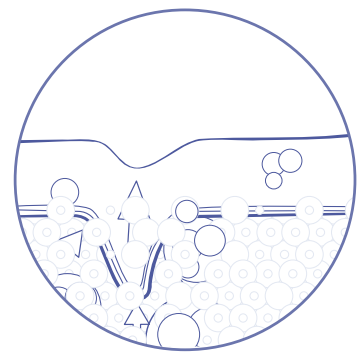

BIOREVITALIZATION

Linear intradermal filler designed for biorevitalization, rehydration and restoration of skin radiance.

- Complements the extracellular matrix and intradermal tissue
- Restores aged skin structures
- Improves hydration
- Revitalizes skin and improves skin firmness

CE

1.75%

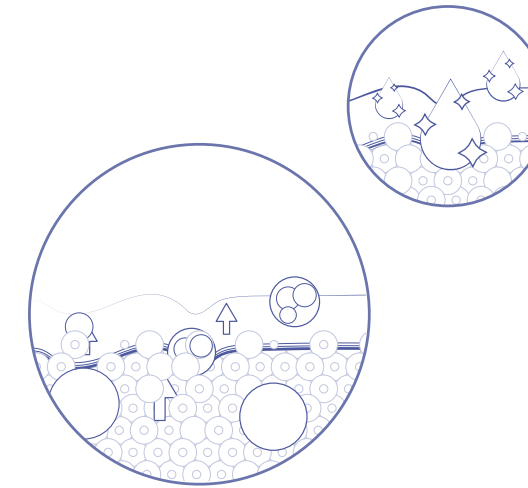

FILLING & CORRECTION

Relleno intradérmico de AH reticulado, indicado para restaurar y corregir el volumen facial y rellenar arrugas y pliegues.

- Corrige las depresiones cutáneas medias y profundas de la zona media del rostro

CE

1.5%

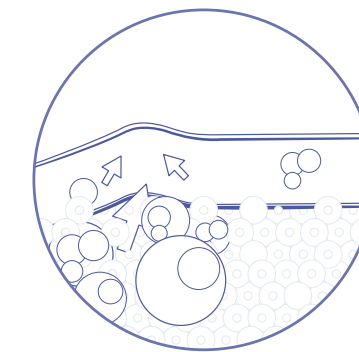

CONTOURING & ENHACEMENT

Linear intradermal filler designed for biorevitalization, rehydration and restoration of skin radiance.

- Complements the extracellular matrix and intradermal tissue.
- Restores aged skin structures
- Improves hydration
- Revitalizes skin and improves skin firmness

CE

2%

RESTORATION & REMODELATION

Intradermal filler of cross-linked HA, to restore facial volumes and obtain long-lasting results.

- Reshapes and restores facial contour volume
